4	This was a complete waste of money and I have told all my colleagues not to purchase this. The price was exuberant and the content was poorly executed. To change an additional \$30 for the post-test is highway robbery!	Jul 19, 2013 12:09 PM

6	After taking boards I think the course could trim down pathology content. Otherwise very good.	Jul 19, 2013 12:14 PM
7	Please select speakers that speak clearly and do not drop off the end of the sentence ; a good command of the English language would help the announcer's mangling of common urological terms was comical.
