

Personalized Approaches to Sustained Biologic Remission in **CROHN'S DISEASE**

Wednesday, November 11, 2015
Breakfast & Registration: 6:30 AM
Program: 7:00 AM – 8:00 AM
Allegheny General Hospital
1307 Federal Street
Pittsburgh, PA 15212
Meeting Room: Café 1 and 2, 2nd Floor

Faculty Presenters:

Kofi Clarke, MD, FACP, FRCP

Clinical Associate Professor,
Temple University School of Medicine,
Chief, Gastroenterology, Hepatology and Nutrition
Co-Director, Inflammatory Bowel Disease
Director, Celiac Center
Allegheny Health Network
Pittsburgh, PA

Raymond Cross, MD, MS, AGAF

Associate Professor of Medicine
Division of Gastroenterology and Hepatology
Director of the Inflammatory Bowel Disease Program
University of Maryland School of Medicine
Co-Director, Digestive Health Center
University of Maryland Medical Center
Baltimore, MD

Accreditation and Designation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Chicago Pritzker School of Medicine, FACTORx, and MedEd Consulting. The University of Chicago Pritzker School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Chicago Pritzker School of Medicine designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Program Co-Chairs:

David T. Rubin, MD, FACP, AGAF, FACP

The Joseph B. Kirsner Professor of Medicine
Chief, Section of Gastroenterology, Hepatology
and Nutrition
The University of Chicago Medicine
Chicago, IL

William J. Sandborn, MD

Professor of Medicine and Adjunct Professor of Surgery
Chief, Division of Gastroenterology
Director, UCSD IBD Center
University of California San Diego and UC San Diego
Health System
La Jolla, CA

Learning Objectives:

At the conclusion of these activities, participants will be able to:

1. Discuss the clinical benefits of mucosal healing in patients with Crohn's Disease (CD)
2. Design an effective treatment plan that maximizes the occurrence of mucosal healing in patients with CD
3. Evaluate the clinical utility of colonoscopy, non-invasive imaging techniques, and biomarkers for the assessment of mucosal healing in patients with CD

Agenda:

- I. Introduction
- II. Endoscopy for the Assessment of Mucosal Healing
- III. Novel Techniques to Assess Mucosal Healing: Radiology & Biomarkers
- IV. Individualizing Therapy for Patients with Crohn's Disease
- V. Conclusion/Q&A

Acknowledgement of Commercial Support

This activity is supported by independent educational grants from AbbVie, Prometheus, and UCB.
