

Personalized Approaches to Sustained Biologic Remission in CROHN'S DISEASE

Wednesday, April 20, 2016

6:00 PM Registration

6:30* PM – 7:30 PM Presentation

Maggianno's Little Italy – Francesca Room

240 Oak Brook Center

Oak Brook, IL

*Please note early start time.

Moderator:

Rockford G. Yapp, MD, MPH

West Suburban Gut Club

Faculty Presenters:

Gary R. Lichtenstein, MD, FACP, FACG, AGAF

Professor of Medicine

Raymond and Ruth Perelman School of Medicine of the University of Pennsylvania

Director, Center for Inflammatory Bowel Disease

Department of Medicine, Division of Gastroenterology Philadelphia, PA

David T. Rubin, MD, FACG, AGAF, FACP

The Joseph B. Kirsner Professor of Medicine

Chief, Section of Gastroenterology, Hepatology and Nutrition

The University of Chicago Medicine, Chicago, IL

Accreditation and Designation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Chicago Pritzker School of Medicine, FACTORx, and MedEd Consulting. The University of Chicago Pritzker School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Chicago Pritzker School of Medicine designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Program Co-Chairs:

David T. Rubin, MD, FACG, AGAF, FACP

The Joseph B. Kirsner Professor of Medicine
Chief, Section of Gastroenterology, Hepatology and Nutrition

The University of Chicago Medicine
Chicago, IL

William J. Sandborn, MD

Professor of Medicine and Adjunct Professor of Surgery
Chief, Division of Gastroenterology

Director, UCSD IBD Center

University of California San Diego and UC San Diego Health System

La Jolla, CA

Learning Objectives:

At the conclusion of these activities, participants will be able to:

1. Discuss the clinical benefits of mucosal healing in patients with Crohn's Disease (CD)
2. Design an effective treatment plan that maximizes the occurrence of mucosal healing in patients with CD
3. Evaluate the clinical utility of colonoscopy, non-invasive imaging techniques, and biomarkers for the assessment of mucosal healing in patients with CD

Agenda:

- I. Introduction
- II. Endoscopy for the Assessment of Mucosal Healing
- III. Novel Techniques to Assess Mucosal Healing: Radiology & Biomarkers
- IV. Individualizing Therapy for Patients with Crohn's Disease
- V. Conclusion/Q&A

Acknowledgement of Commercial Support

This activity is supported by independent educational grants from AbbVie, Prometheus, and UCB.
