Peripheral and Central Nervous System Implications in Celiac Disease

November 20, 2021 | 8:30AM-1:00PM

Join us November 20th, for a virtual CME event to explore Peripheral and Central Nervous System in Celiac Disease throughout the continuum of care.

This conference will look at patient subgroups experiencing associated Peripheral and Central Nervous System in Celiac Disease. The primary audience of this event will be physicians, nurses, pharmacists, dietitians, researchers, and other healthcare professionals dedicated to improving the diagnosis and treatment of Celiac Disease.
