About the Conference

The **14th International Ultmann Chicago Lymphoma Symposium** will focus upon the widespread and difficult challenges of understanding and controlling Hodgkin and non-Hodgkin lymphomas. Chicago is a city rich in academic tradition, and we welcome you to join us at the only dedicated lymphoma symposium in the Midwest. Given the current pace of increasing information and knowledge, there is an important need to discuss the growing body of data regarding the biology and treatment of patients with Hodgkin and non-Hodgkin lymphomas in a peer to peer format. Our stellar speakers' list draws from local, national, and international expertise.

This symposium offers a tremendous opportunity to showcase your company products, services and achievements in front of a world stage of key decision makers and industry leaders. Increase your visibility and company profile by participating as an exhibitor at this exciting event.

The 14th Symposium is expected to attract over 200 leaders in the fields of medical oncology, radiation oncology, surgical oncology, fellows-in-training, oncology nurses, and allied health professionals committed to preventing, controlling, and eliminating lymphoma. This is an opportunity to market and showcase the broad range of products and services appropriate for Hodgkin and non-Hodgkin lymphomas.

Please visit our website at chicagolymphoma.com for more details pertaining to this year's scientific program and invited speakers.

We hope you will join us along with our growing number of exhibitors in Chicago in 2017!
