

How-To | Join a Practice Session

After creating a Zoom account, individuals should start up a meeting to check their audio and webcam.

Step 1: Log into Zoom

Step 2: Click on “Meetings” in the sidebar, then on “Personal Meeting Room,” then the “Start Meeting” button.

Step 3: After clicking on the “Start Video” icon, look to see that the image is clear and that the green microphone button in the lower-left corner lights up when speaking into the microphone. When finished, students can click on “Leave Meeting” to exit the session.

- Mute button
- Video button
- Participants button, including “Raise Hand” feature it enables
- Chat button
- Leave meeting button

If you use a keyboard only, screen reader, or other assistive technology when navigating the web, learn [about Zoom’s accessibility features and keyboard shortcuts.](#)
