**6th Annual Pediatric Robotic Urology -
Update and Live Case Demonstration**
The Section of Urology at the University of Chicago Medicine
July 24 – 25, 2015
Chicago, Illinois

COURSE DESCRIPTION

The use of robotic technology in Pediatric Urology has been steadily evolving since its early adaptation in 2000. It is now a part of standard armamentarium in Adult Urology, and Pediatric Urology is following the trend. This educational initiative is intended to educate and transfer the techniques and technologies of the robotic system to Pediatric Urology fellows and practicing Pediatric Urologists for effective and safe use in clinical practice settings.

EDUCATIONAL NEEDS

The use of robotic technology in the pediatric population is slowly increasing due to its advantages over the conventional surgery in terms of recovery and reduced need of postoperative pain medication. This technology needs to be learned in a systematic way for its safe application, patient selection and improved pediatric patient outcomes.

LEARNING OBJECTIVES

At the conclusion of this course, attendees should be able to:

1. Describe the use and focused patient selection process for Pediatric Robotic Urological surgery.
2. List the technical details and tips and tricks of Pediatric Robotic Urological surgery.
3. Integrate the newer Pediatric Urological applications for experienced robotic surgeons.
4. Identify the safe application of technology and avoid complications.
5. Describe the refinements in surgical technology and newer advances.

TARGET AUDIENCE

The target audience includes fellows and practicing physicians specializing in pediatric urology, pediatric surgery, pediatric urologic surgery, and urologic surgery.

ACCREDITATION

The University of Chicago Pritzker School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement

The University of Chicago Pritzker School of Medicine designates this live activity for a maximum of **15.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses and other healthcare professionals will receive a Certificate of Participation. For information on the applicability and acceptance of Certificates of Participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by the ACCME, please consult your professional licensing board.

EDUCATIONAL GRANTS/ COMMERCIAL SUPPORT

A complete listing of commercial support received will be provided in the conference materials.
