KRANZLER CHICAGO REVIEW COURSE IN NEUROSURGERY

The **Chicago Review Course in Neurosurgery** has been recognized as the most thorough review of neurosurgery to residents and practicing physicians for more than forty years. Founded in 1973, this course was launched in an effort to provide a comprehensive and intensive review for residents preparing for their written boards, newly-established neurosurgeons preparing for their oral boards, and practicing neurosurgeons who want to ensure their diagnostic and surgical skills are current. The course is named to memorialize Dr. Leonard Kranzler's commitment to directing the course, and is now hosted by Dr. Martin D. Herman and the University of Chicago. The week-long course has been updated to include interactive quiz questions to participants to supplement the rigorous and comprehensive lecture schedule offering neuroscience, critical care, neuro-anesthesia, neurology, neuro-ophthalmology, neuroradiology, neuro-oncology, pediatric neurosurgery, vascular neurosurgery, spine, and functional neurosurgery.

ACCREDITATION

PHYSICIAN CREDIT

The University of Chicago Pritzker School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Chicago Pritzker School of Medicine designates this live activity for a maximum of 56.25 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

FEES

Early registration ends November 1, 2022

Profession Type	Registration Fee
Neurosurgery Attending	\$2400
Neurosurgery Resident (on or before November 1, 2022)	\$1700
Neurosurgery Resident (after November 1, 2022)	\$2000

CANCELLATION POLICY If you cancel your participation in this conference, your registration fee less a \$150 administrative fee will be refunded when written notification is received by November 1, 2022. No refunds will be made after November 1, 2022.

TOPICS

NEURORADIOLOGY/ID

Aaron Field, MD, PhD	adult neuroradiology
Miral Jhaveri, MD, MBA	adult brain and spine neuroradiology
Michael Lin, MD	infections of the nervous system
Carina Yang, MD	pediatric neuroradiology

NEUROLOGY/CRITICAL CARE

George Bovis, MD	neuro-ophthalmology
Naoum Issa, MD, PhD	neurophysiology/neuroanatomy
Sean Polster, MD	neurocritical care
Anthony Reder, MD	neurology differential diagnosis
Keith Ruskin, MD	neuro-anesthesia

NEURO-ONCOLOGY

William T. Curry, MD	malignant and benign glial tumors
Anand Germanwala, MD	pituitary disease and skull base surgery
Michael Link, MD	vestibular schwannoma
Vikram Prabhu, MD	meningioma and glomus tumor
Peter Pytel, MD	brain tumor pathology and genetics
Peter Warnke, MD	metastatic

FUNCTIONAL

Sepehr Sani, MD	epilepsy surgery
Joshua Rosenow, MD	deep brain stimulation for Parkinson's disease
Konstantin Slavin, MD	trigeminal neuralgia and pain treatment

VASCULAR

Sepideh Amin-Hanjani, MD	vascular anatomy and aneurysm treatment
Issam Awad, MD	cerebrovascular malformations and IVH/ICH
Aditya Pandey, MD	endovascular neurosurgery, acute ischemia

SPINE/PERIPHERAL CARE

Allan Levi, MD, PhD	spine trauma
Edwin Ramos, MD	spinal oncology, osteoporosis, sagittal balance
Robert Spinner, MD	nerve compression, injuries, and tumors
Vince Traynelis, MD	CVJ pathology, Chiari/syringomyelia

PEDIATRICS/TRAUMA

Moise Danielpour, MD	spinal dysraphism, achondroplasia
Bakhtiar Yamini, MD	pediatric brain tumors
