

SECTION OF GASTROENTEROLOGY, HEPATOLOGY & NUTRITION

5TH ANNUAL WOMEN IN DIGESTIVE DISEASES: AT THE FOREFRONT

A HYBRID CONFERENCE - IN PERSON AND STREAMING

COURSE DIRECTORS

Nina Gupta, MD Vijaya Rao, MD

UNIVERSITY OF CHICAGO

Virtually or In Person (limited attendance) Rubenstein Forum 1201 E. 60th Street Chicago, IL 60637

CONFERENCE DESCRIPTION

Women face unique challenges in the field of digestive diseases, both as patients and as practitioners. While formal medical training and most published literature do not typically address gender differences, the 5th Annual Women in Digestive Diseases: At the Forefront will address these challenges in an exciting and interactive forum.

Topics include the symptoms, diagnosis, and treatment of common gastrointestinal and liver diseases that afflict women more commonly and/or differently than men as well as strategic solutions to barriers women gastroenterologists and other women providers in gastroenterology face in their career development.

The educational information presented in this activity aims to discuss the diagnosis, symptoms, and treatment of common gastrointestinal and liver diseases that afflict women more commonly and/or in different ways than men. This activity also aims to discuss strategic solutions to barriers that women gastroenterologists and other women healthcare providers face in their career development. The educational information presented in this activity is expected to add to the participants' knowledge about gastrointestinal diseases that afflict women more commonly and how to recognize and manage them. As such, it will improve their competence and performance as they applies the knowledge in their own practice, which will in turn translate into better patient outcomes. The career development topics are expected to help the

women gastroenterologists and other women providers navigate challenges they face in their career, whether in private practice or academia, to allow them to find success and progress further in their chosen paths.

For the fifth year of this conference, this activity will also offer a virtual streaming option, allowing participants to join the event even if they are not able to attend in person. The goal of this feature is to reduce barriers for clinicians to receive this important education so more practitioners can have an even greater impact on patient care. This option will provide greater access for clinicians who may not have adequate time or resources to participate in person.

TARGET AUDIENCE

This activity is designed for physicians, nurses, and other healthcare professionals interested in the treatment of women with gastrointestinal illnesses and the career development of women providers in the field of gastroenterology.

LEARNING OBJECTIVES

After this activity, participants will be able to:

- Discuss the appropriate use of imaging modalities in the diagnosis and management of gastrointestinal bleeding;
- Identify high-risk patients based on family history and endoscopic findings who are appropriate for genetic testing and evaluation in high-risk gastrointestinal cancer clinics;
- State the appropriate use of emerging therapies in the management of eosinophilic gastrointestinal
- Determine strategies that help women healthcare providers overcome barriers in the advancement of their careers and promote success in their chosen
- Recognize barriers to fertility among female health care providers, options for oocyte cryopreservation, and a common approach to infertility:
- Distinguish how to implement recommendations on dietary modifications that optimize gastrointestinal health in women.

ACCREDITATION AND CREDIT DESIGNATION

PHYSICIAN CREDIT

The University of Chicago Pritzker School of Medicine has been long recognized for its exemplary performance in physician education. During the November 2017 reaccreditation review by the ACCME, the University of Chicago was awarded Accreditation with Commendation status through November 2023.

The University of Chicago Pritzker School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Chicago Pritzker School of Medicine designates this live activity for a maximum of 5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSING CREDIT

University of Chicago Medicine is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

Participants who successfully complete the entire activity and complete an evaluation form will earn 5 contact hours.

AMERICAN BOARD OF INTERNAL MEDICINE MOC PART II CREDIT

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 5 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

OTHER HEALTHCARE PROFESSIONALS CREDIT Other healthcare professionals will receive a Certificate of Participation.

EDUCATIONAL GRANTS/COMMERCIAL SUPPORT

A complete listing of commercial support received will be provided in the conference materials.

CONFERENCE FACULTY
