

35TH ANNUAL MACLEAN CONFERENCE ON CLINICAL MEDICAL ETHICS OCTOBER 27 - 28, 2023 CHICAGO'S MUSEUM OF SCIENCE & INDUSTRY

Each year the MacLean Center for Clinical Medical Ethics has hosted a conference devoted to furthering scholarship in the broad field of clinical ethics to benefit patient care. This year, we have solicited abstracts addressing the wide range of clinical ethics topics including: the doctor-patient relationship, informed consent, clinical ethics consultation, reducing disparities in health care, surgical ethics, pediatric ethics, managing scarce resources, and the role of clinical ethics in society. The program will highlight not only empirical studies but also analytical examinations of controversies in how health care is delivered in contemporary society.

We invite all practitioners interested in clinical ethics regardless of their affiliation to attend the 35th Annual MacLean Center Conference. The event will be hybrid; individuals can attend in-person at Chicago's Museum of Science and Industry or virtually via Zoom. The MacLean Center Prize will be presented at the Conference on Friday, October 27.

Pricing for the 2-day conference:

- General Admission Early Registration (prior to 07/31) - \$ 50.00
- General Admission Regular Registration (on or after 08/01) - \$ 75.00
