# KRANZLER CHICAGO REVIEW COURSE IN NEUROSURGERY

The **Chicago Review Course in Neurosurgery** is a comprehensive and intensive review of neurosurgery to residents who are preparing for the ABNS written boards. This course was launched fifty years ago by Chicago academic neurosurgery program chairmen and was recently named to memorialize Dr. Leonard Kranzler's commitment to directing the course. The course is hosted by Dr. Martin D. Herman and the University of Chicago.

The week-long course is available for in-person and virtual participation by United States and foreign residents preparing for their boards. **The first forty residents who register in-person and who are part of an ACGME accredited program are entitled to six nights of free hotel at the Study Hotel adjacent to the Rubenstein Forum on the University of Chicago campus.**

## PHYSICIAN CREDIT

The University of Chicago Pritzker School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Chicago Pritzker School of Medicine designates this live activity for a maximum of 48.5 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## FEES

**New this year! The first 40 residents who register as in-person participants and are part of an ACGME accredited program will get 6 nights complimentary at The Study Hotel!\***

Profession Type	Registration Fee
Neurosurgery Attending (In-Person or Virtual)	\$2500
Neurosurgery Resident (In-Person or Virtual)	\$2000

**CANCELLATION POLICY** If you cancel your participation in this conference, your registration fee less a \$150 administrative fee will be refunded when written notification is received by November 1, 2023. No refunds will be made after November 1, 2023.

\*The 6 nights include Friday, January 12<sup>th</sup> – Wednesday, January 17<sup>th</sup>. The course will book your hotel room. A credit card authorization form will be needed for incidentals and any additional nights.

AT THE FOREFRONT

Medicine**

## TOPICS

### NEURO-ONCOLOGY

Todd Hollon, MD	pituitary disease and endonasal surgery
Michael Link, MD	vestibular schwannoma, skull base anatomy
Rimas Lukas, MD	neuro-oncology
Vikram Prabhu, MD	meningioma
Peter Pytel, MD	tumor pathology

### FUNCTIONAL

Sepehr Sani, MD	epilepsy
Joshua Rosenow, MD	deep brain stimulation for Parkinson's disease
Konstantin Slavin, MD	trigeminal neuralgia and pain treatment
Peter Warnke, MD	psychiatric neurosurgery

### VASCULAR

Sepideh Amin-Hanjani, MD	vascular anatomy and aneurysm treatment
Bernard Bendok, MD	cerebrovascular malformations and IVH/ICH
Ali Monsour, MD	intracerebral and intraventricular hemorrhage
Aditya Pandey, MD	endovascular neurosurgery, ischemia

### SPINE/PERIPHERAL

Allan Levi, MD, PhD	spine trauma and degenerative disease
Edwin Ramos, MD	osteoporosis, sagittal balance
Robert Spinner, MD	nerve compression, injuries, and tumors
Jean-Paul Wolinsky, MD	spinal oncology

### PEDIATRICS

Moise Danielpour, MD	spinal dysraphism, achondroplasia, Chiari
Eric Thompson, MD	craniosynostosis and CVJ abnormalities
Bakhtiar Yamini, MD	pediatric brain tumors
Carina Yang, MD	pediatric neuroradiology

### CRITICAL CARE/ANESTHESIA

Paramita Das, MD	neurocritical care I (TBI, ICP, etc.)
Sean Polster, MD	neurocritical care II (cardiac, pulmonary)
Keith Ruskin, MD	neuro-anesthesia

### NEURORADIOLOGY/NEUROANATOMY/ID

Aaron Field, MD, PhD	adult neuroradiology
Miral Jhaveri, MD, MBA	adult brain and spine neuroradiology
Varun Kshetry, MD	skull base neuroanatomy
Michael Lin, MD	infections of the nervous system

### NEUROLOGY/OPHTHALMOLOGY

George Bovis, MD	neuro-ophthalmology
Naoum Issa, MD, PhD	neurophysiology
Anthony Reder, MD	demyelinating disease and mimics
Kaitlin Seibert, MD	neuro-degenerative disease
